Place a straight edge from cushion to cushion as shown.

**Note:** If ordering for a Crew Rest, please specify which side of the aircraft the crew rest facility is located.

Left: \_\_\_\_\_ Right: \_\_\_\_\_

Measure the distance from the carpet to the bottom of the straight edge.

**Check the box indicating the correct height:**

GulfStream:  
 18" inches  
 17" inches  
 16" inches  
 19" inches

Other Height:  
 \_\_\_\_\_ inches

Measure the seat bottom width. It will have a width of either 20 inches or 22 inches.

**Check the correct box:**

Seat Bottom:  
 \_\_\_\_\_ inches

Confirm the minimum and maximum distance between seats.

**Note:** Please make 2 measurements. Move seats to their furthest distance apart for the maximum measurements. Move seats to their closest position for the minimum measurements.

Maximum: \_\_\_\_\_ Minimum: \_\_\_\_\_

**I certify that the attached dimensions are correct.  
 I understand the JetBed™ sold to me will be supplied based on this form.**

**Dimensions measured and approved by:**

**Name:** \_\_\_\_\_ **Title:** \_\_\_\_\_ **Date:** \_\_\_\_\_
